

ICC School Summer Camp

Summer vacation always creates a gap between children's learning progress. Starting in 2019, ICC began to offer Chinese Summer Camp that not only features Mandarin Chinese learning, but also filled with fun STEAM activities for Kindergarten to 8th grade. **Beginners with no prior Mandarin Chinese learning experiences are welcome!**

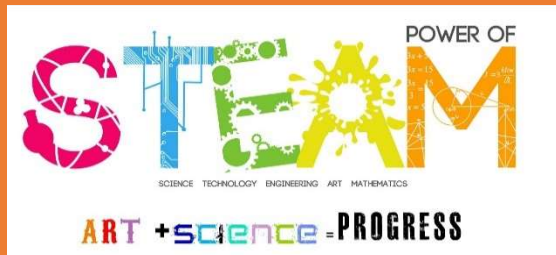

What is STEAM? STEAM is an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking. The end results are students who take thoughtful risks, engage in experiential learning, persist in problem-solving, embrace collaboration, and work through the creative process. These are the innovators, educators, leaders, and learners of the 21st century! (www.educationcloset.com)

Summer Camp Registration starts now: www.iccschooltx.org
