

ICC School Summer Camp

With the support of ICC Saturday School, your child's Mandarin Chinese has been on grade level during the school year. However, the summer vacation always creates a gap between their progress. Starting 2019, ICC will begin to offer Chinese Summer camp that not only features Mandarin Chinese learning, but also filled with STEAM activities.

What is STEAM? STEAM is an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking. The end results are students who take thoughtful risks, engage in experiential learning, persist in problem-solving, embrace collaboration, and work through the creative process. These are the innovators, educators, leaders, and learners of the 21st century! (www.educationcloset.com)

Summer Camp Registration starts now: www.iccschooltx.org
